Hobby Cooking

About Me

Junior Full-Stack Developer with a BSc in Computer Science Engineering from Óbuda University, specialising in modern web application development with React, Next.js and TypeScript. I have developed Full-stack applications through academic, certificate-based and independent projects, working across the entire stack from user interface to debugging and deployment.

Experience

Full-Stack Web Developer
MolnarCodes
Mar 2026 - May 2026
Remote

Optimised and made client websites and web interfaces fully responsive. Proposed UI/UX improvements and implemented them following joint discussion, and implemented SEO and GEO (Generative Engine Optimization) to improve visibility in search engines and AI-powered search. Independently integrated Next.js, Tailwind CSS, shadcn/ui and GSAP into production work. Refactored client codebases and resolved bugs to improve readability, maintainability and performance.

Education

Computer Science Engineer (BSc)
Óbuda University - Alba Regia Faculty of Engineering
Sep 2019 - Feb 2025
Székesfehérvár, Hungary

High School Diploma, Specialisation in Computer Science
Bálint Márton Vocational Secondary School
Sep 2014 - May 2019
Törökbálint, Hungary

Certifications
